

UNIQUE PIECES IN UNIQUE PACKAGING

The Smart Pack system consists of exclusive packaging in which all Corus products are delivered. They have been carefully designed to improve your organisation and efficiency, facilitate the presentation of your work and enhance your patients' experience and their impression of your clinic. They are an extra tool, created to simplify your day-to-day life. By using them you add value. By recycling them you increase your sustainability. And the cycle starts all over again.

Our purpose is innovation, the pursuit of excellence in dental health and bringing it within your reach. With transparency, agility and clear guarantees. To facilitate your work so that you can create smiles. Always by your side, in everything.

Synchronia et Synergia.

Corus Service

Smart Pack

Small packages
for great experiences

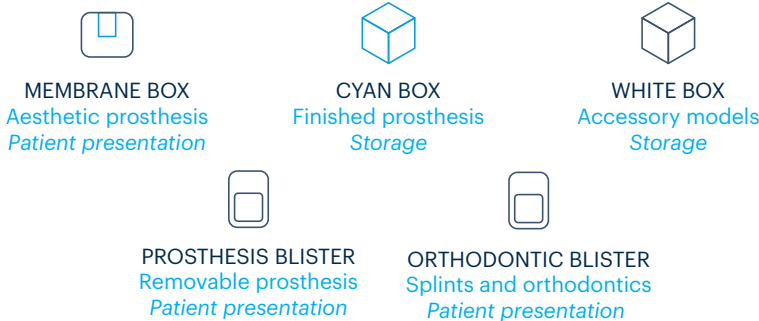

SPACKDIPEN_REV01_230224

A sustainable system

The Smart Pack Box allows you to recycle membrane boxes

RECYCLING PROTOCOL
 Once it is full, just let us know and a courier will pick up the disposable box with the membrane packaging inside. Convenient for you and good for the planet.

Communication supports

These are the materials we have created for sharing.

VIDEO
 Present the Smart Pack System in a fresh, entertaining way. Watch it on our channels and share it with your team and customers.

POSTER
 Communicate the whole cycle with this visual aid. Hang it somewhere visible so that your whole team remembers it. Ask us for yours!

Double benefits

For your clinic

AT NO EXTRA COST
 Smart Pack brings great advantages with no extra charge.

INFORMATION AND ORGANISATION
 The packaging includes all the information necessary for its use. They are easy to handle and store.

CLEAR QUALITY
 The presentation of Corus products reflects their quality and exclusiveness.

EXCLUSIVE EXPERIENCE
 Smart Pack conveys the value of the prostheses to patients in a unique way.

For your patients

100% HYGIENE
 The unique presentation of the work, as the sanitary products they are, increases the perception of order and hygiene in the clinic.

GREATER VALUE
 Presenting the prostheses with Smart Pack packaging adds value to the entire supply chain.

DOUBLE GUARANTEE
 This presentation reinforces the quality guarantee of the clinic and the materials it uses.

VISIBLE SATISFACTION
 Smart Pack contributes to improved patient satisfaction.
