

Our purpose is to innovate and offer you the most advanced dental health solutions, putting digital technology to the service of your well-being.

Avant-garde on human scale.

Corus Product

Optima

Less steps,
more smiles.

OPTIMADIPEN_REV01_20230631

REDUCE VISITS AND SAVE TIME

As a result of our digital workflow and the innovative protocol we have designed, we can easily and efficiently manufacture the Optima removable prosthesis to reduce visits to the clinic and offer you complete control over your treatment and the result.

PRECISE, ATTRACTIVE RESULTS

We manufacture our removable prostheses quickly and with high precision. Our exclusive models and tooth libraries result in an excellent aesthetic solution. The result is entirely predictable, customized and offers a unique experience.

WITH EVERY GUARANTEE

Optima is the most efficient treatment and the best choice in high-complexity cases or where a fixed solution is not an option. It can be adapted to each patient's specific needs to ensure optimal restoration and guaranteed dental health.

REMOVABLE PROSTHESIS

Optima is the exclusive removable prosthesis solution from Corus, created in a digital workflow.

With Optima, you have the exact smile you want and one you can use to eat, talk, laugh, and, most importantly, enjoy each day with complete confidence. In just a few visits, your dentist will get all the information about your mouth to help you choose the ideal design and ensure the best finish for you.

HOW OPTIMA WORKS

As a result of Optima's exclusive protocol and digital manufacturing workflow, the whole process is much easier and faster for you, with fewer and shorter visits to the clinic. Everything will be ready after just a few days and visits, and the prosthesis will perfectly adapt to your mouth. Show off your new smile and enjoy a better fit and improved performance and aesthetics.

MORE INFORMATION

Consult your dentist.

YOU'LL LOVE IT. YOU'LL LOVE YOU

Optima, the removable prosthesis that improves your life quality. Smile with joy in just a few days.

Save time

With Optima, you will make fewer visits to the dentist and have more time for yourself and your loved ones.

A smile as natural as you are

Because you deserve the best, with Optima, you will enjoy each day with a smile on your face.

Quality guarantee

As a result of our digital manufacturing processes, you will have high-quality removable dentures that fit you perfectly and ensure you feel confident.

Optima for you

The treatment that best adapts to your needs, giving you complete peace of mind.

PEACE OF MIND FOR EVERYONE

Optima gives you the peace of mind you and your loved ones deserve. You will smile and enjoy yourself from day one, worry-free and confident. Designed and made to adapt to your lifestyle.

LOOKING AFTER YOU AND THE ENVIRONMENT

You will go home with everything you need to maintain your dental health and look after your new removable prosthesis. What is more, the materials used in your Optima kit are sustainable and recyclable. Because we care about you and everything that surrounds you.

Optima is a customized sanitary product made in compliance with the Medical Device Regulation (MDR) 2017/745 requirements in health centres authorized by the relevant authorities.
