CYAN, AESTHETIC, SAFE
The pleasant blue colour persists over time. Its pigments have passed all necessary biocompatibility tests.

DIGITAL, ACCURATE, CUSTOMISED
Digital manufacturing ensures precise control over the thickness and retention parameters, which facilitates an accurate finish.

IN LESS TIME
With an intraoral scan the workflow is 100% digital, which allows for a perfect fit. Fast, convenient and efficient.

nobrux®

PERSONALISED ANTI-BRUXISM SPLINT

Nobrux is the customised splint that puts an end to night-time dental wear and is the first step towards better smiles throughout the day. Created especially for you, it is customised to your needs using the latest digital technology. It is unique and exclusive.

HOW IT WORKS

During sleeping hours, Nobrux prevents the unconscious erosion of your teeth caused by issues such as teeth grinding. It protects your teeth at night and helps to unblock and relax your mandibular system.
